

ViewSonic

ViewPad 10e

Hyperslim Tablet with crystal clear display

Paper thin. Measuring 9.1mm thin, this powerful computing device can easily slip into a folder, looks at home amongst a stack of papers or can just sit on a coffee table, waiting to impress. Using ViewSonic's power efficient design the latest technology battery delivers more than 200hrs standby life, making the ViewPad 10e more available when needed.

Award winning display technology. The 10" enhanced multi viewing angle IPS display utilises the same technology as the award winning ViewSonic VP monitor range providing a superior display experience that has to be seen to be believed. E-Books look real, movies look stunning and games play as they were meant to be seen, with ultra brightness, great colour reproduction and clarity, the IPS display technology delivers every time.

Powerful Android. The combination of the immensely powerful 1GHz Cortex A8 processor, lightning fast DDR3 memory and ultra reliable Android 2.3 (Gingerbread) operating system, make the ViewPad 10e a powerful computing device. The integrated 4GB storage can be expanded via the Micro SD slot, to further enhance this amazing device, allowing it to grow as you continue to discover how the ViewPad 10e will change your life.

Designed to connect. The ViewPad 10e integrates into the world around it. With Micro USB, Mini HDMI, Wireless B/G/N connectivity and Bluetooth 3.0 all built seamlessly and discreetly into the ViewPad 10e, the possibilities are infinite. Watch movies via the HDMI 720p output, stream audio to your car via Bluetooth or just surf the internet at your leisure.

Ready to go! ViewSonic have teamed with some of the world's best Android applications to make the ViewPad 10e amazing straight out of the box. Packed with the Amazon Kindle application, the 1Mobile Apps Store provides access to thousands of applications and games.

ViewScene 3D. The ViewSonic customised user interface offers an intuitive interface that enhances the Android experience, bringing a User friendly experience in a 3D style. Offering up to 16 customisable panes, intelligent interactive grouping and multiple time zone support, ViewScene 3D takes the ViewPad 10e to the next level.
